- The penalty increases to up to \$500 per day for each violation after the first ten days.

If you do not correct the violations by the deadline listed above, the City may file a lawsuit against you to collect the penalties. If this case goes to court, the City would have to prove that the code violation exists/existed in order to collect any penalties.

REQUEST FOR EXTENSION

You can ask the inspector for more time to complete correction of the violations. The request must be in writing and must explain why you need more time. Extensions will be granted only if substantial progress toward compliance has already been made.

RECORDING

We may file a copy of this Notice of Violation with the King County Recorder's Office.

DIRECTOR'S REVIEW

If you disagree with this Notice of Violation, you may request a review of this Notice by a Department Review Officer. The Review Officer will review the facts of the case and determine whether the Notice of Violation was properly issued. The Review Officer can extend the compliance date for a short period of time even if the violation is upheld. But, the Review Officer cannot allow a violation to continue or grant a variance.

The Review may be requested by writing to the Director of Code Compliance, in care of
Inspector Kimball Owens,

Seattle Department of Construction and Inspections
700 5th Avenue, Suite 2200
PO Box 34019
Seattle, WA 98124-4019

If you request a review by the Director, the request

- must be in writing,
- must be received by the Director no later than ten (10) days following service of this Notice, and
- must contain the signature, mailing address and telephone number of the person requesting the review.

The request should also include a brief statement including

- specific objections to the Notice of Violation
- how the requestor is significantly affected by, or interested in, the Review by the Director.

If more than one person is cited in the Notice, the request for Review by the Director should specify the person to be contacted about the Review.

OBTAINING PERMITS

If you are constructing, repairing, adding an addition to, or demolishing a building, or if you are changing or establishing a use, you must obtain the proper permits. You may need more than one permit. Information on permits may be obtained at the SDCI Applicant Services Center by visiting <https://www.seattle.gov/sdci/about-us/who-we-are/applicant-services-center>.

PLEASE PROVIDE THIS DOCUMENT WHEN APPLYING FOR ANY PERMITS.

Even if a permit allows a longer time frame for completion of work, the compliance date in this Notice of Violation takes precedence over the completion dates specified in any permit.

REQUEST FOR VARIANCE

In some cases, it is possible to obtain a "variance" from a requirement of the Housing and Building Maintenance Code. The variance is requested using a form provided by the Department and there is a charge for the variance review process (\$548 in 2025; check for updates). On the form, you must list the specific code standards you want to vary from, and explain how the requested variance meets the variance criteria in the code. Your inspector can give you the variance form which explains the process in more detail.

* * *

If needed, Inspector Kimball Owens will meet with you or someone representing you on the site to discuss how you will bring the property into compliance with the Housing and Building Maintenance Code.

Once you have corrected the violation, the inspector must inspect to verify compliance. If you

need more information or would like a meeting, please contact the inspector. Thank you for your attention to this matter.
